INDEX.

A

ABDERHALDEN test for pregnancy, 143
Abdominal adhesions and bands, 261
Abortion, criminal, 770
Abnormalities of growth, 1
Acidosis in cystic kidneys, 420
  clinical studies of, 81
  influence of, on hyperglycemia in diabetes mellitus, 58
  in normal pregnancy, 918
Adhesions, abdominal, 261
Allen, F. M., role of fat in diabetes, 313
Alpha-iodin, active constituent in thyroid, 611
Amebic dysentery in monkeys, 310
Amyloid disease, 288
  and chronic nephritis in rabbits, production of, by injections of colon bacilli, 288
Anaphylactic shock in dogs, 777
Anemia, pernicious, 451, 764
  von Jaksch's, 218
Anesthesia, perineal, in labor, 300
Aneurysm, femoral, 290
  traumatic, 760
Angina, Vincent's, 256
Antidotes in mercuric chloride poisoning, 295
Antiseptics, 777
Aorta, experimental arteriosclerosis of, 467
Appendicitis complicating pregnancy, 459
Arsenic in chemically pure zinc, 154
Arsenobenzol, 612
Arteriorrhaphy, obliterative, 760
Arteriosclerosis, 693
  of aorta, 467
  retinitis of, 911
Arthritis, rheumatoid, 678
Artificial pneumothorax, 295
Ashhurst, A. P. C., strangulated retroperitoneal hernia into the paraduodenal fossa, 641
Asthma, bronchial, 450
  blood in, 135
  treatment of, by vaccination, 856
Atmospheric conditions, physiological effects of, 412
Austin, J. H., clinical studies of acidosis, 81
Auto-intoxication and its treatment, 732

B

BACILLI typhi-exanthematici, 610
Bacteria, counting of, in milk, 466
  in raw milk, 466
  resistance of, to antiseptics, 777
  to germicidal substances, 611
Bacteriology of bubble fountain, 307
  of seminal vesicles postmortem, 762
  of urine in lobar, pneumonia, 311
Bartholow, P., toxic effects of the natural and synthetic salicylic acids, 738
Basch, S., diverticulum of the duodenum, 833
Bateman, W. G., use of raw eggs in practical dietetics, 833
Baumann, L., mineral metabolism of experimental scurvy of the guinea-pig, 650
Benzol, action of, 137
Beriberi, relation of diet to, 610
Bernheim, B. M., limits of bleeding considered from the clinical standpoint, 575
Bile ducts, diseases of, 469
Biochemical function of decidua, 142
Blackfan, K. D., lead poisoning in children, 877
Bladder, exstrophy of, 292
  syphilis of, 464
Blood in diabetes, lipoids of, 287
  disorders, splenectomy in, 139
  nitrogen of, in intestinal obstruction, 288
  tartar emetic injection in, 765
Blood-pressure during ether anesthesia, 453
  and prostatectomy, 453
  in man, 606
  ratios, interpretation of, 240
Bone sutures in granulating wounds, 133
Botulism, 621
Bougie for esophagus and stomach, 106

Bramlett, W. P., strangulated retroperitoneal hernia into the paraduodenal fossa, 641
Bread substitutes for diabetic patients, 765
Bronchial asthma, blood in, 135
Bronchopneumonia in rats, 467
Bubble fountain, bacteriology of, 307
Bullet on shaft and ends of bone, 291

C

Camac, C. N. B., pericardiotomy for suppurative pericarditis following pneumonia, 509
Canine distemper, 623, 779
Carbohydrate metabolism in human diabetes, 915
Carcinoma, radium treatment in, 768
Cardiac cycle, 607
mechanism, disorder of, 871
Castration in the male, 722
Cesarean section, 615, 771
through lower uterine segment, 299
Chace, A. F., association of gastric symptoms in nephritis, 801
Chemotherapy of mercurial compounds, 914
in tuberculosis, 625
Cheney, W. F., diagnosis of gall-bladder disease, 477
Children, fainting attacks in, 140
Chills, spelter, 376
Chorio-epithelioma, 613
Chromaphile tissue, 606
Clendening, L., hematemesis due to chronic appendicitis, 273
Cocain and heroin in respiratory passages of users of, 149
Colp, R., effect of anesthesia and operation on kidney function as shown by the phenolsulphonephthalein test and urinary analysis, 868
Conjugal phthisis, 395
Coplin, W. M. L., renal hypoplasia and dysplasia, 381
Correlation of reactions of colon bacilli, 307
Creolin in scabies in infant, 141
Crohn, B. B., physiology and pathology of the stomach after gastroenterostomy, 808
Cunningham, W. F., status of diphtheroids, with reference to Hodgkin's disease, 406
Cycle, cardiac, 607
Cystocele, 608
Cystography, 302
Cytology of exudate in pneumonia, 309

D

Dale method in immunity in typhus exanthematicus, 620
Deafness, war, 922
Dean, A., registering heart sounds by direct methods, 666
Death of child during laryngoscopy, 148
Decidua, biochemical function of, 142
Diabetes, bread substitutes for, 765
carbohydrate metabolism in, 915
lipoids of, blood in, 287
mellitus, glucose: nitrogen ratio in, 44
hyperglycemia in, 58
treatment of, by fasting, 917
metabolism in, 40
pancreatic, in dog, 132
polyuria of, 757
role of fat in, 313
starvation treatment of, 50
Diabetic ulceration of pharynx and larynx, 148
Dietetics, practical, use of raw eggs in, 833
Digestibility of veal, 621
Digitalis, action of, in pneumonia, 916
Diseases of bile ducts and gall-bladder, 469
Distemper, canine, 623
Dogs, anaphylactic shock in, 777
Douglas's pouch, role of, in rectal and uterine prolapse and rectocele, 145
Dresbach, M., diabetes mellitus associated with large-cell hyperplasia, 65
Duodenum, diverticulum of, 833

E

Eclampsia, pressure on the brain as a cause of, 615
puerperal, 773
Einhorn, M., aspirating bougie for esophagus and stomach, 106
Electromagnet in war surgery, 290
Elliott, C. A., effect of castration upon osteomalacia in the male, 722
Elsberg, C. A., neurological observations in laminectomies for spinal disease and injury, 781
Emerson, H., administrative control of epidemic poliomyelitis, 160
Endocarditis, viridans, 235
Endothelioma of the pleura, 888
of bronchus, removed by peroral bronchoscopy, 371
Entameba histolytica infection, 456
Epidemic poliomyelitis, 157, 160
vaginitis in children, 207
Epihyal bone in human subject, 149

Epstein, A. A., influence of acidosis on hyperglycemia in diabetes mellitus, 58
Esophagus, safety-pin expelled from, 150
Eusterman, G. B., syphilis of stomach, 21
Exophthalmic goiter, 296
Exstrophy of bladder, 292
Extract of hypophysis on polyuria of diabetes, 757
Eye affections, injections of protein in, 917

F

Fainting attacks in children, 140
Fasting in diabetes, 917
Fat, role of, in diabetes, 313
Feces, occult blood in, 759
Felons, 454
Felsen, J., influence of acidosis on hyperglycemia in diabetes mellitus, 58
Fetus, lumbar puncture in, 771
Fever, trench, 925
typhus, 465
Fishberg, M., rarity of conjugal phthisis, 395
Flavine and brilliant green in infected wounds, 761
Flexner, S., epidemic poliomyelitis, 157
Focal sepsis in genito-urinary tract, 701
Forearm synostosis, 134
Fowler, R. S., gall-bladder disease, 497
Fox, H., effect of nuclein injection upon the leukocytes of dogs, 571
Fox, H., role of leukocytes in viridans endocarditis and effect of nuclein injections, 235
Fracture of humerus, 760
Frontal sinus, tuberculosis of, 149

G

Gall-bladder disease, diagnosis of, 477, 497
diseases, 469, 492
Gangrene, puerperal, of extremities, 297
of uterus following criminal abortion, 770
Gastric symptoms in nephritis, 801
ulcer, treatment of, 547
Gastro-enterostomy, 808
Glands, thyroid and parathyroid, relation between, 779
Glycosuria, renal, 79
Goitre, exophthalmic, 296
Gonorrhea, urethral, in the female, 92
Goodridge, M., circulatory failure in acute infections, 107
Gout, clinical characteristics of, 917
diagnosis of, 917
Green, flavine and brilliant, 761
Growth, abnormalities of, 1
Guinea-pigs, scurvy in, 924
Gunshot wounds of peripheral nerves, 291

H

Haller, D. A., probable syphilis of intestines, 824
Head colds, 709
Heart sounds, registering of, by direct methods, 666
Hematemesis due to chronic appendicitis, 273
Hematuria, significance of, 769
Hemolytic anemia in pregnancy, 614
streptococci found in milk, 306
Hemorrhage from myomatous uterus, 147
Hemostasis, 609
Henle-Coenen sign, proving collateral circulation in femoral aneurysm, 290
Hernia, strangulated, 641
Herpes zoster oticus, 618
Hodgkin's disease, 406
Holman, W. L., streptococci in the living animal, 427
Hopkins, A. H., determining the intragastric temperature in man, 101
Howard, C. P., mineral metabolism of experimental scurvy of the guinea-pig, 650
Humerus, fracture of, 761
Hydrocephalus, 563
Hymen, imperforate, 920
Hyperglycemia in diabetes mellitus, 58
Hypophysis, extract of, action on polyuria of diabetes, 757

I

Immune human serum in poliomyelitis, 137
Immunization, prophylactic, 610
Imperforate hymen causing symptoms in a child, 920
Infant mortality, 918
Infections, acute, treatment of circulatory failure in, 107
Intestinal protozoa, 912
Intestines, syphilis of, 824
Iritis, treatment of, by injections of protein, 916

J

Jackson, C., endothelioma of right bronchus removed by peroral bronchoscopy, 371

Janney, N. W., significance of glucose: nitrogen ratio in diabetes mellitus, 44
